

Childrens Book Of Sport Dk

Learn your back springs from your bridges in this first gymnastics book for young fans and future Olympians. Meet the stars of the gymnastic world in this sports book, from Simone Biles to Max Whitlock, and find out how they train and perfect routines to take to the floor and wow the judging panel. With tons of photos and step-by-step illustrations, this book breaks down some of the complicated moves used in gymnastics routines, covering both simple and high-level gymnastics. Parallel bars, the pommel horse, and other key pieces of equipment are profiled alongside how they're used. The differences between rhythmic, acrobatic, and artistic gymnastics are explained with the help of exciting photos of expert gymnasts. Introducing world-champion individuals and international teams, this guide is great for kids that are obsessed with gymnastics.

With over 3,000 definitions, this updated edition First Children's Dictionary is an ideal reference book for children five and older who are eager to expand their vocabulary. A go-to reference book featuring nouns, adjectives, and verbs, First Children's Dictionary helps children learn how to describe the world around them. Designed with highly visual pages showcasing stunning photography and easy-to-understand text, this dictionary is not intimidating and teaches young readers essential research skills while teaching them useful word definitions. With over 700 illustrations, children will learn about opposites, similar words, and word origins, alongside phonetic spellings and word games. From using a dictionary to word histories that show where words come from, First Children's Dictionary is the perfect beginning reference book for kids.

An introduction to the world's most amazing artworks From cave paintings to Canvas, totem poles to the Angel of the North, introduce your child to the complete picture of art through the ages and across the world. Featuring the finest works by the greatest artists, it's like having the world's best gallery in your own home. From Van Gogh's self portraits to Miro's Carnival of the Harlequin help your child look beyond the paint and canvas to find out how the art was created and why it was made. It's an incredible look at the incredible world of art for the whole family.

A comprehensive look at the life of one the greatest sports superstars of the 20th Century, Muhammad Ali--boxer, anti-Vietnam War activist, civil rights campaigner, advocate for Parkinson's sufferers, and recipient of the Presidential Medal of Freedom. From a humble upbringing in segregated Louisville, Kentucky, Cassius Marcellus Clay Jr. went on to become Muhammad Ali, Olympic gold medalist, three-time heavyweight boxing champion of the world, and in his own words "the greatest." More than 150 iconic photographs chart Ali's life and rise to boxing stardom and showcase 60 key bouts that made his name, including the "Fight of the Century" against Joe Frazier, the "Rumble in the Jungle" with George Foreman, and the "Thrilla in Manila," his third and final match against Frazier. Data panels throughout give key facts at a glance, while quote boxes highlight Ali's well-known phrases, such as "Float like a butterfly, sting like a bee." Key influencers in his career, including Don King and Howard Cosell, are featured. The book also shines a light on Ali's continuing impact after his death in 2016, and how his message of hard work and perseverance continues to inspire people around the world.

This fun and informative introduction to the history of philosophy and its key figures and movements, from stoicism to existentialism, is for any child asking "what is philosophy?" Questions like "who am I?", "why does the world exist?" and philosophical theories from Plato to Sartre are made easy to understand using clear examples, timelines, and at-a-glance facts. If your child is curious about the world and the thinkers who shaped it, the Children's Book of Philosophy is for them.

Provides information about movies, chronicling their history from the early moving pictures to today; detailing how stunts and screen writing are done; and profiling famous actors, producers, and directors.

Full-color maps, photographs, and paintings illustrate a comprehensive reference guide to American history.

Dive into the weird and wonderful world of sleep, from the science behind dreams to a peek into animal sleeping habits, in this incredible book for children aged 7 to 9. We spend about 26 years of our lives sleeping, but how much do you really know about what happens when your head hits the pillow? This book answers all your questions about what goes on in your head when you snooze, including the difference between light and deep sleep, where dreams come from, and how essential sleep is to staying healthy. Discover fascinating facts about how people slept in the past, and how people sleep in different ways around the world. Did you know that the oldest mattress was found in South Africa and is 77,000 years old? Vivid illustrations by Vicky Woodgate bring the topic to life. As well as humans, learn about the sleeping habits of other animals, from bears hibernating to how bats sleep upside down. Even plants sleep! Finally, learn how you can get a proper night's sleep with practical tips and ideas for meditation to calm your mind before bedtime. This book is ideal for children who have difficulty getting to sleep, as well as anyone who wants to learn more about how our brains and bodies work.

Visual guide to both indoor and outdoor sports

From a spectacular giant dump truck to a speedy little race go-cart, The Big Book of Things That Go is a visual and informative look at a subject that fascinates kids. This visual guide features simple but informative text and interactive questions that encourage young children to make their own discoveries about the vehicles around them and how and why machines are useful. Broken into two-page-spread themes, young readers can learn about various vehicles including fire trucks, tractors, cranes, and much more. With striking images and informative text, The Big Book of Things That Go is the perfect guide for young readers who want to learn more about different machines used around the world.

An original look at history that profiles 30 children from different eras so that children of today can discover the lives of the cave people, Romans, Vikings, and beyond through the eyes of someone their own age. History books often focus on adults, but what was the past like for children? A Child Through Time is historically accurate and thoroughly researched, and brings the children of history to life--from the earliest civilizations to the Cold War, even imagining a child of the future.

Packed with facts and including a specially commissioned illustration of each profiled child, this book examines the clothes children wore, the food they ate, the games they played, and the historic moments they witnessed--all through their own eyes. Maps, timelines, and collections of objects, as well as a perspective on the often ignored topic of family life through the ages, give wider historical background and present a unique side to history. Covering key curriculum topics in a new light, A Child Through Time is a perfect and visually stunning learning tool for children ages 7 and up.

All the most important science topics for kids, from magnets and sound waves to how planes and cars work, are simply explained in this fun and informative illustrated STEM book for children in grades 1 through 6. First How Things Work Encyclopedia covers everything a child needs to know. It follows the curriculum for grades 1 through 6 and provides a strong foundation for science and STEM learning through the rest of the school years. It's the perfect homework help book to support children as they begin to learn about how things work in the world around them.

"Discover the stories behind your favorite sports heroes and find out how they rose to become world-famous champions."--cover, page 4.

The perfect book for young readers looking to explore some of life's biggest questions. Thousands of years ago, ancient philosophers asked some important questions: "What is real?", "What is the point of my existence?", "Why is there evil in the world?", and "What can I know?" These questions have gone on to spark passionate debates about our existence and how we understand the world around us. In this engaging and accessible introduction to philosophy, readers aged 11+ will be introduced to a variety of philosophical ideas through the teachings of Plato, Confucius, Simone de Beauvoir, and many more. Vibrant, reader-friendly illustrations bring the history of ideas and thinking to life, and provide topics for reflection and debate. With biographies of the most influential philosophers from around the world, young readers will explore the questions that have been fundamental to the development of scientific study, logical thinking, religious beliefs, freedom in society, and much more. Thought experiments peppered throughout will help to connect readers with the theories presented so they can apply them to their own lives.
