Vietnam under "Uncle Ho," and Cuba under Castro. From the world's most repressive state comes rare good news: the escape to freedom of a small number of its people. It is a crime to leave North Korea. Yet increasing numbers of North Koreans dare to flee. They go first to neighboring China, which rejects them as criminals, then on to Southeast Asia or Mongolia, and finally to South Korea, the United States, and other free countries. They travel along a secret route known as the new underground railroad. With a journalist's grasp of events and a novelist's ear for narrative, Melanie Kirkpatrick tells the story of the North Koreans' quest for liberty. Travelers on the new underground railroad include women bound to Chinese men who purchased them as brides, defectors carrying state secrets, and POWs from the Korean War held captive in the North for more than half a century. Their conductors are brokers who are in it for the money as well as Christians who are in it to serve God. The Christians see their mission as the liberation of North Korea one person at a time. Just as escaped slaves from the American South educated Americans about the evils of slavery, the North Korean fugitives are informing the world about the secretive country they fled. *Escape from North Korea* describes how they also are sowing the seeds for change within North Korea itself. Once they reach sanctuary, the escapees channel news back to those

they left behind. In doing so, they are helping to open their information-starved homeland, exposing their countrymen to liberal ideas, and laying the intellectual groundwork for the transformation of the totalitarian regime that keeps their fellow citizens in chains.

An exploration of why people all over the world love to engage in pain on purpose--from dominatrices, religious ascetics, and ultramarathoners to ballerinas, icy ocean bathers, and sideshow performers Masochism is sexy, human, reviled, worshipped, and can be delightfully bizarre.

Deliberate and consensual pain has been with us for millennia, encompassing everyone from Black Plague flagellants to ballerinas dancing on broken bones to competitive eaters choking down hot peppers while they cry. Masochism is a part of us. It lives inside workaholics, tattoo enthusiasts, and all manner of garden variety pain-seekers. At its core, masochism is about feeling bad, then better—a phenomenon that is long overdue for a heartfelt and hilarious investigation. And Leigh Cowart would know: they are not just a researcher and science writer—they're an inveterate, high-sensation seeking masochist. And they have a few questions: Why do people engage in masochism? What are the benefits and the costs? And what does masochism have to say about the human experience? By participating in many of these activities themselves, and through

conversations with psychologists, fellow scientists, and people who seek pain for pleasure, Cowart unveils how our minds and bodies find meaning and relief in pain—a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole.

Features the story of the United States sergeant who defected to the North Korean army in 1965 and his subsequent forty years as a political prisoner there. Part horror story, part historical document, part memoir, part political tract, one man's suffering gives eyewitness proof to an ongoing sorrowful chapter of modern history.

The beautiful Adirondack Mountains provide the backdrop for this epic tale of love, loss, and redemption. Nineteen-year-old Danny Conley leaves his home in Philadelphia to search for a legend in the wilds of northern New York. What he discovers instead is the love of his life, only to be torn away without warning as he is forced to return home to care for his dying mother. Thus, his exile begins. What he does not know is whether it will ever end.

With a New Foreword The heartwrenching New York Times bestseller about the only known person born inside a North Korean prison camp to have escaped. North Korea's political prison camps have existed twice as long as Stalin's Soviet gulags and twelve times as long as the Nazi concentration camps. No one born and raised in these camps is known to have escaped. No one, that is, except Shin Dong-hyuk. In *Escape From Camp 14*, Blaine Harden unlocks the secrets of the world's most repressive totalitarian state through the story of Shin's shocking imprisonment and his astounding getaway. Shin knew nothing of civilized existence—he saw his mother as a competitor for food, guards raised him to be a snitch, and he witnessed the execution of his mother and brother. The late “Dear Leader” Kim Jong Il was recognized

throughout the world, but his country remains sealed as his third son and chosen heir, Kim Jong Eun, consolidates power. Few foreigners are allowed in, and few North Koreans are able to leave. North Korea is hungry, bankrupt, and armed with nuclear weapons. It is also a human rights catastrophe. Between 150,000 and 200,000 people work as slaves in its political prison camps. These camps are clearly visible in satellite photographs, yet North Korea's government denies they exist. Harden's harrowing narrative exposes this hidden dystopia, focusing on an extraordinary young man who came of age inside the highest security prison in the highest security state. *Escape from Camp 14* offers an unequalled inside account of one of the world's darkest nations. It is a tale of endurance and courage, survival and hope.

"Superbly reported and written with clarity, insight, and great skill." —Washington Post Book World After two decades, Washington Post journalist Blaine Harden returned to his small-town birthplace in the Pacific Northwest to follow the rise and fall of the West's most thoroughly conquered river. To explore the Columbia River and befriend those who collaborated in its destruction, he traveled on a monstrous freight barge sailing west from Idaho to the Grand Coulee Dam, the site of the river's harnessing for the sake of jobs, electricity, and irrigation. *A River Lost* is a searing personal narrative of rediscovery joined with a narrative of exploitation: of Native Americans, of endangered salmon, of nuclear waste, and of a once-wild river. Updated throughout, this edition features a new foreword and afterword.

Eunsun Kim was born in North Korea, one of the most secretive and oppressive countries in the modern world. As a child Eunsun loved her country...despite her school field trips to public executions, daily self-criticism sessions, and the increasing gnaw of hunger as the country-wide famine

escalated. By the time she was eleven years old, Eunsun's father and grandparents had died of starvation, and Eunsun was in danger of the same. Finally, her mother decided to escape North Korea with Eunsun and her sister, not knowing that they were embarking on a journey that would take them nine long years to complete. Before finally reaching South Korea and freedom, Eunsun and her family would live homeless, fall into the hands of Chinese human traffickers, survive a North Korean labor camp, and cross the deserts of Mongolia on foot. Now, Eunsun is sharing her remarkable story to give voice to the tens of millions of North Koreans still suffering in silence. Told with grace and courage, her memoir is a riveting exposé of North Korea's totalitarian regime and, ultimately, a testament to the strength and resilience of the human spirit.

In 1946, master sergeant Donald Nichols was stationed on Guam when he caught the eye of recruiters from the Army's Counter Intelligence Corps. After three months' training he was sent to Korea, then a backwater largely beneath the radar of MacArthur's Pacific Command. Nichols quickly insinuated himself into the affections of South Korea's first president, Syngman Rhee, and became a key player in the American war effort. Harden traces Nichols's rise and ruin-- and in doing so explains the history of our foreign policy mess with North Korea.

Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer,

who blames the world for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.

The Jade Locket and the Red Star: An Untold History of the Invasion of Okinawa and Why Korea Is Now Two Countries Instead of One by Joan Uda Few people know that North Korea and South Korea were a single nation until July 1945 as WWII was ending in the Pacific. That was when an American committee, to prevent Joseph Stalin's Red Army from taking all of Korea, drew a line at the 38th Parallel separating the north from the south. In early 1946 the U.S.-U.S.S.R. Joint Commission was formed, to work with the U.S.S.R. to find a way to reunite North and South Korea under a single government. My father, Major Warren W. McAllister, U.S. Army, was Secretary to the American delegation. This memoir, tracks Dad's war years through his service in military intelligence and military government during the Okinawa campaign and into Korea where he served with the Joint Commission and went on to rebuild the casualty insurance part of South Korea's economy. The jade locket, for which the memoir is named, was given to Dad in thanks by four South Korean insurance companies after he was ordered home. The memoir begins with my father's birth on a small Iowa farm in 1911, and ends after his death in 1991. It is also my own story as Dad's adopted daughter, and documents my powerful

attachment to him from infancy--shown in my recently-obtained adoption papers. It includes my late-in-life curiosity about my birth parents, and the way I at last obtained my adoption file. This memoir is based on Dad's military file of orders and other military documents, plus letters, photos, and other documents.

A psychologist looking for closure after her horrific kidnapping. An untested detective desperately seeking to prove himself. And a killer who could be anyone... Raine Walsh has escaped the Warden, but the ghosts of her wrongful incarceration still haunt her. While she has her freedom, many of the innocent people she was captive with do not, and as time passes, Raine becomes more and more concerned the Warden will never be found and brought to justice. Detective Jonah Heely's first case is a chilling echo of the Kitty Genovese murder from 1964. Despite the victim being killed near plenty of witnesses, Jonah has no leads. Worse, it's soon clear he's tracking a serial killer, and time is running out for the killer's next victims. Noticing similarities between this string of new murders and Raine's unsolved kidnapping case, and with his job on the line, Jonah turns to Raine for help. Raine seizes the opportunity to help in order to keep the hunt for the Warden alive. Together, she and Jonah must find the killer before he strikes again. But it's hard to catch a killer who uses the bystander effect to their advantage... and who may be closer to both of them than either could imagine... The Bystander Effect is the second book in the Mastermind Murderers series. If you like haunting, heart-pounding, edge-of-your-seat thrillers, then you'll love this psychological thrill ride from Kristin Helling.

An excellent book both for those who may be running the risk of incarceration, as well as those who worry about their family members or friends.

Americans are well informed with respect to atrocities committed by Germany during WWII. After the war, Germany apologized to concerned parties and even granted significant reparations. Generally, WWII opponents in Europe and the U.S. have become allies. Few are aware that Japan also committed serious wartime atrocities during WWII, including "The Rape of Manila," "The Bataan Death March" and its methodical starvation and torture of prisoners of war. Japan has not unequivocally apologized and has failed to make reparations. As a consequence, China and some other countries continue to be extremely upset with Japan's failure to admit its complicity in WWII atrocities. In this book, Roy Fisher Doolan, son, and Roy Gibson Doolan, father, explain first hand experiences of what actually happened in the Philippines during WWII. Until Japan relents and accepts it's responsibility for the tragic consequences of WWII in the Far East, it will remain in a state of denial. "And you shall know the truth and the truth shall make you free." John 8:32

in WWII, one a sergeant in the US Air Corps and the other a Nazi rocket engineer. The sergeant was shot down, betrayed, and imprisoned in Buchenwald, while the engineer, an SS-Major, became a national hero of the Third Reich. After the war, the records of both men were classified Top Secret and concealed by threats, denials, and misrepresentations. The US government refuted the sergeant's accurate account, while promoting a fabricated history for the engineer, Dr. Wernher von Braun, who became as famous in the US as he had been in Nazi Germany. Betrayed demonstrates how an unconstrained military intelligence operation disrupted the lives of American ex-POWs in the name of "National Security."

In *In Order to Live*, Yeonmi Park shines a light not just into the darkest corners of life in North Korea, describing the deprivation and deception she endured and which millions of North Korean people continue to endure to this day, but also onto her own most painful and difficult memories. She tells with bravery and dignity for the first time the story of how she and her mother were betrayed and sold into sexual slavery in China and forced to suffer terrible psychological and physical hardship before they finally made their way to Seoul, South Korea—and to freedom. Park confronts her past with a startling resilience. In spite of everything, she has never stopped being proud of where she is from, and never stopped striving for a better life. Indeed, today she is a human rights activist working determinedly to bring attention to the oppression taking place in her home country. Park's testimony is heartbreaking and unimaginable, but never without hope. This is the human spirit at its most indomitable. "Terrific." –Timothy Egan, *The New York Times* "A riveting investigation of both American myth-making and the real history that lies beneath." –Claudio Saunt, author of *Unworthy Republic* From the *New York Times* bestselling author of *Escape From Camp 14*, a "terrifically readable" (*Los Angeles Times*) account of one of the most persistent "alternative facts" in American history: the story of a missionary, a tribe, a massacre, and a myth that shaped the American West In 1836, two missionaries and their wives were among the first Americans to cross the Rockies by covered wagon on what would become the Oregon Trail. Dr. Marcus Whitman and Reverend Henry Spalding were headed to present-day Washington state and Idaho, where they aimed to convert members of the Cayuse and Nez Perce tribes. Both would fail spectacularly as missionaries. But Spalding would succeed as a propagandist, inventing a story that recast his friend as a hero, and helped to fuel the

massive westward migration that would eventually lead to the devastation of those they had purportedly set out to save. As Spalding told it, after uncovering a British and Catholic plot to steal the Oregon Territory from the United States, Whitman undertook a heroic solo ride across the country to alert the President. In fact, he had traveled to Washington to save his own job. Soon after his return, Whitman, his wife, and eleven others were massacred by a group of Cayuse. Though they had ample reason - Whitman supported the explosion of white migration that was encroaching on their territory, and seemed to blame for a deadly measles outbreak - the Cayuse were portrayed as murderous savages. Five were executed. This fascinating, impeccably researched narrative traces the ripple effect of these events across the century that followed. While the Cayuse eventually lost the vast majority of their territory, thanks to the efforts of Spalding and others who turned the story to their own purposes, Whitman was celebrated well into the middle of the 20th century for having "saved Oregon." Accounts of his heroic exploits appeared in congressional documents, The New York Times, and Life magazine, and became a central founding myth of the Pacific Northwest. Exposing the hucksterism and self-interest at the root of American myth-making, *Murder at the Mission* reminds us of the cost of American expansion, and of the problems that can arise when history is told only by the victors.

Loretta Marion's debut novel is a twisty page-turner, expertly blending the webs of mystery, danger and suspense with the alluring possibility of romance from a once unrequited love. dictatorships – and the story of one woman’s terrifying struggle to avoid capture/repatriation and guide her family to freedom.

A 1922 women's adventure and travel novel by British-American novelist Elizabeth von Arnim. It is said to be the author's lightest and most refreshing novel. The novel follows four dissimilar women in 1920s England who leave their rainy, grey environments to go on holiday in Italy. Mrs Arbuthnot and Mrs Wilkins, who belong to the same ladies' club but have never spoken, become acquainted after reading a newspaper advertisement for a small medieval castle on the Mediterranean to be let furnished for April. They find some common ground in that both are struggling to make the best of unhappy marriages. The four women come together at the castle and find rejuvenation in the tranquil beauty of their surroundings, rediscovering hope and love.

Kim Yong shares his harrowing account of life in a labor camp a singularly despairing form of torture carried out by the secret state. Although it is known that gulags exist in North Korea, little information is available about their organization and conduct, for prisoners rarely escape both incarceration and the country alive. Long Road Home shares the remarkable story of one such survivor, a former military official who spent six years in a gulag and experienced firsthand the brutality of an unconscionable regime. As a lieutenant colonel in the North Korean army, Kim Yong enjoyed unprecedented privilege in a society that closely monitored its citizens. He owned an imported car and drove it freely throughout the country. He also

encountered corruption at all levels, whether among party officials or Japanese trade partners, and took note of the illicit benefits that were awarded to some and cruelly denied to others. When accusations of treason stripped Kim Yong of his position, the loose distinction between those who prosper and those who suffer under Kim Jong-il became painfully clear. Kim Yong was thrown into a world of violence and terror, condemned to camp No. 14 in Hamkyeong province, North Korea's most notorious labor camp. As he worked a constant shift 2,400 feet underground, daylight became Kim's new luxury; as the months wore on, he became intimately acquainted with political prisoners, subhuman camp guards, and an apocalyptic famine that killed millions. After years of meticulous planning, and with the help of old friends, Kim escaped and came to the United States via China, Mongolia, and South Korea. Presented here for the first time in its entirety, his story not only testifies to the atrocities being committed behind North Korea's wall of silence but also illuminates the daily struggle to maintain dignity and integrity in the face of unbelievable hardship. Like the work of Solzhenitsyn, this rare portrait tells a story of resilience as it reveals the dark forms of oppression, torture, and ideological terror at work in our world today.

"In this rare insider's view into contemporary North Korea, a high-ranking counterintelligence agent describes his life as a former poet laureate to Kim Jong-il and his breathtaking escape to freedom. "The General will now enter the room." Everyone turns to stone. Not moving my head, I direct my eyes to a point halfway up the archway where Kim Jong-il's face will soon appear... As North Korea's State Poet Laureate, Jang Jin-sung led a charmed life. With food provisions (even as the country suffered through its great famine), a travel pass, access to strictly censored information, and audiences with Kim Jong-il himself, his life in Pyongyang seemed safe and secure. But this privileged existence was about to be shattered. When a strictly forbidden magazine he lent to a friend goes missing, Jang Jin-sung must flee for his life. Never before has a member of the elite described the inner workings of this totalitarian state and its propaganda machine. The Rape of Nanking), this harrowing memoir of life inside North Korea was the first account to emerge from the notoriously secretive country -- and it remains one of the most terrifying. Amid escalating nuclear tensions, Kim Jong-un and North Korea's other leaders have kept a tight grasp on their one-party state, quashing any nascent opposition movements and sending all suspected dissidents to its brutal concentration camps for "re-education." Kang Chol-Hwan is the first survivor of one of these camps to escape and tell his story to the world, documenting the extreme conditions in these gulags and providing a personal insight into life in North Korea. Sent to the notorious labor camp Yodok when he was nine years old, Kang observed frequent public executions and endured forced labor and near-starvation rations for ten years. In 1992, he escaped to South Korea, where he found God and now advocates for human rights in North Korea. Part horror story, part historical document, part memoir, part political tract, this book brings together unassailable firsthand experience, setting one young man's personal suffering in the wider context of modern history, giving eyewitness proof to the abuses perpetrated by the North Korean regime. The Great Escape for the Great War: the astonishing true story of two World War I prisoners who pulled off one of the most ingenious escapes of all time.

“Fox unspools Jones and Hill’s delightfully elaborate scheme in nail-biting episodes that advance like a narrative Rube Goldberg machine.”—The New York Times Book Review Imprisoned in a remote Turkish POW camp during World War I, having survived a two-month forced march and a terrifying shootout in the desert, two British officers, Harry Jones and Cedric Hill, join forces to bamboozle their iron-fisted

captors. To stave off despair and boredom, Jones takes a handmade Ouija board and fakes elaborate séances for his fellow prisoners. Word gets around, and one day an Ottoman official approaches Jones with a query: Could Jones contact the spirit world to find a vast treasure rumored to be buried nearby? Jones, a trained lawyer, and Hill, a brilliant magician, use the Ouija board—and their keen understanding of the psychology of deception—to build a trap for their captors that will ultimately lead them to freedom. A gripping nonfiction thriller, *The Confidence Men* is the story of one of the only known con games played for a good cause—and of a profound but unlikely friendship. Had it not been for “the Great War,” Jones, the Oxford-educated son of a British lord, and Hill, a mechanic on an Australian sheep ranch, would never have met. But in pain, loneliness, hunger, and isolation, they formed a powerful emotional and intellectual alliance that saved both of their lives. Margalit Fox brings her “nose for interesting facts, the ability to construct a taut narrative arc, and a Dickens-level gift for concisely conveying personality” (Kathryn Schulz, *New York*) to this tale of psychological strategy that is rife with cunning, danger, and moments of high farce that rival anything in *Catch-22*.
