Here at last is the stress-reducing coloring book that lets adults of all ages color their way through the funny and true annoyances of everyday life. From trying to assemble flat pack furniture to clearing an office paper jam, juggling remote controls, dropping contact lenses on the bathroom floor, and nudging the cat who absolutely won't let you read your book, the dozens of witty and sympathetically amusing illustrations offer real therapy and poke gentle fun at the meditative coloring craze.

Of *Human Bondage*, *Jezebel*, *All About Eve*, *Whatever Happened to Baby Jane?* Just this short list of Bette Davis' films gives an unmistakable sense of the role she played in twentieth-century cinema as one of the finest performers in Hollywood history. Drawing on an extensive series of conversations that took place during the last decade of Bette Davis' life, this biography draws heavily on the actresses own words. Looking back over the decades, from her teenage decision to become an actress to the pain and outrage over her daughter's bitter portrayal of her, Davis speaks with extraordinary candour. She explains how her father's abandonment of her a child reverberated through her four marriages, and discusses the persistent Hollywood legend that she was difficult to work with. Immersing readers in the drama and glamour of movie-making's golden age, *The Girl Who Walked Home Alone* is a startling portrait of an enduring icon. Challenging assumptions about the separation of high politics and everyday life,

Belinda Davis uncovers the important influence of the broad civilian populace--particularly poorer women--on German domestic and even military policy during World War I. As Britain's wartime blockade of goods to Central Europe increasingly squeezed the German food supply, public protests led by "women of little means" broke out in the streets of Berlin and other German cities. These "street scenes" riveted public attention and drew urban populations together across class lines to make formidable, apparently unified demands on the German state. Imperial authorities responded in unprecedented fashion in the interests of beleaguered consumers, interceding actively in food distribution and production. But officials' actions were far more effective in legitimating popular demands than in defending the state's right to rule. In the end, says Davis, this dynamic fundamentally reformulated relations between state and society and contributed to the state's downfall in 1918. Shedding new light on the Wilhelmine government, German subjects' role as political actors, and the influence of the war on the home front on the Weimar state and society, *Home Fires Burning* helps rewrite the political history of World War I Germany.

A compelling portrait of a legendary Hollywood star captures the colorful, iconoclastic world of an intelligent, opinionated, and unusual woman who became one of filmdom's most important talents, drawing on interviews, archival research, and a fresh study of her films to reveal Davis's complex personal life and her unique cinematic accomplishments. Reprint. 30,000 first printing.

Katie was a normal American teenager when she decided to explore the possibility of voluntary work overseas. She temporarily 'quit life' to serve in Uganda for a year before going to college. However, returning to 'normal' became impossible and Katie 'quit life' - college, designer clothes, her little yellow convertible and her boyfriend - for good, remaining in Uganda. In the early days she felt as though she were trying to empty the ocean with an eyedropper, but has learnt that she is not called to change the world in itself, but to change the world for one person at a time. By the age of 22 Katie had adopted 14 girls and founded Amizima Ministries which currently has sponsors for over 600 children and a feeding program for Uganda's poorest citizens - so it is no wonder she feels Jesus wrecked her life, shattered it to pieces, and put it back together making it more beautiful than it was before.

As seen on the Today Show: This true story of an unforgettable mother, her devoted

daughter, and their life in the Detroit numbers of the 1960s and 1970s highlights "the outstanding humanity of black America" (James McBride). In 1958, the very same year that an unknown songwriter named Berry Gordy borrowed \$800 to found Motown Records, a pretty young mother from Nashville, Tennessee, borrowed \$100 from her brother to run a numbers racket out of her home. That woman was Fannie Davis, Bridgett M. Davis's mother. Part bookie, part banker, mother, wife, and granddaughter of slaves, Fannie ran her numbers business for thirty-four years, doing what it took to survive in a legitimate business that just happened to be illegal. She created a loving, joyful home, sent her children to the best schools, bought them the best clothes, mothered them to the highest standard, and when the tragedy of urban life struck, soldiered on with her stated belief: "Dying is easy. Living takes guts." A daughter's moving homage to an extraordinary parent, *The World According to Fannie Davis* is also the suspenseful, unforgettable story about the lengths to which a mother will go to "make a way out of no way" and provide a prosperous life for her family -- and how those sacrifices resonate over time.

A major reappraisal of the life of legendary entertainer Sammy Davis, Jr., *Gonna Do Great Things* is at once an intimate portrait and an exuberant celebration of a wholly American icon. Through his multifaceted talent and personality, Sammy became one of the most magnetic and contentious figures in modern entertainment history. His outstanding talents as a dancer, singer, actor, impressionist, and comedian, combined

with his close association with megastars and his interracial marriage, made him a celebrity in the truest sense. Born in Harlem in 1925, Sammy debuted onstage with Will Mastin's vaudeville troupe when he was only three years old. He was an instant hit, and his talent propelled him into one of the most luminous entertainment careers of his generation. No one could please a crowd like Sammy, whose overwhelming energy and infectious humor exhilarated audiences for sixty years. However, Sammy's life was not without hardship, and his high-spirited attitude often masked a fragile ego. From an impoverished, broken home, he lacked even a single day of formal education, and the rigors of his blossoming show business career denied him the traditional pleasures of childhood. Racism constantly affected his life, particularly when he joined the army in 1943. Because he refused to acknowledge any race-related restrictions, his very existence became a political statement. An active member of the Civil Rights movement and America's first African-American superstar, Sammy paved the way for other black entertainers. As a charter member of the Rat Pack, Sammy spent the 1950s and 1960s basking in an image of "cool" and endearing himself to the public. But by the 1970s he was relying on cocaine and alcohol, flirting with Satanism, indulging in scandalous sexual behavior, and becoming the punchline of jokes on Saturday Night Live. Though his fans still adored him, his performances suffered. A four-pack-a-day smoker, Sammy succumbed to cancer when he was sixty-four, shortly after celebrating six decades in the spotlight. Renowned biographer of Hollywood giants Jimmy Stewart, Burt

Lancaster, and Gregory Peck, Gary Fishgall brings an actor's and director's understanding of the entertainment industry to Sammy's complicated existence. Meticulously researched and filled with insights gathered from interviews with those who knew Sammy best, *Gonna Do Great Things* reveals the fascinating and controversial life of this beloved entertainer.

Introduces the life Jim Limber Davis, who was rescued by Varina Davis from an abusive guardian when he was five and who lived in the Confederate White House in Richmond, Virginia, until the fall of the Confederacy, when rumors were spread that Jim was the Davis' slave instead of an accepted member of the family.

2016 Ontario Historical Society Donald Grant Creighton Award — Winner A National Post Bestseller, *The Hill Times*: Best Books of 2016, 2016 Speaker's Book Award — Shortlisted The first authorized biography of Bill Davis, the enigmatic Ontario premier who carried on a Tory dynasty, but was also a crucial Trudeau supporter. A biography of one of Ontario's most important premiers, who, despite having been out of public life for more than thirty years, is remembered fondly by many as the father of the community college system, TVO, OISE, and was indispensable in repatriating the Canadian Constitution with an accompanying Charter of Rights and Freedoms. Before he became premier, Davis was perhaps the most important education minister in Ontario history, responsible for the creation of the community college system and TVOntario. As premier, he went on to lead Ontario through buoyant and

recessionary economic times, leaving a legacy Ontarians continue to enjoy. Now 87, Davis still lives on Main Street in his beloved Brampton.

Originally published in 1962, *The Lonely Life* is legendary silver screen actress Bette Davis's lively and riveting account of her life, loves, and marriages--now in ebook for the first time, and updated with an afterword she wrote just before her death. As Davis says in the opening lines of her classic memoir: "I have always been driven by some distant music--a battle hymn, no doubt--for I have been at war from the beginning. I rode into the field with sword gleaming and standard flying. I was going to conquer the world." A bold, unapologetic book by a unique and formidable woman, *The Lonely Life* details the first fifty-plus years of Davis's life--her Yankee childhood, her rise to stardom in Hollywood, the birth of her beloved children, and the uncompromising choices she made along the way to succeed. The book was updated with new material in the 1980s, bringing the story up to the end of Davis's life--all the heartbreak, all the drama, and all the love she experienced at every stage of her extraordinary life. *The Lonely Life* proves conclusively that the legendary image of Bette Davis is not a fable but a marvelous reality.

From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation movement and the tangled knot of oppression facing Black women.

"Angela Davis is herself a woman of undeniable courage. She should be heard."—The New York Times
Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage

cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women's rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger's racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.

You must read this book and let your heart be broken-New York Times Book Review "One of the earliest recognitions in American literature of the existence of the very poor."-Michele Murray, National Observer Suggested for course use in: 19th-century U.S. literature Working-class studies Rebecca Harding Davis (1831-1910) published 12 books and many serialized novels, stories, and essays.

L.J. Davis's 1971 novel, *A Meaningful Life*, is a blistering black comedy about the American quest for redemption through real estate and a gritty picture of New York City in collapse. Just out of college, Lowell Lake, the Western-born hero of Davis's novel, heads to New York, where he plans to make it big as a writer. Instead he finds a job as a technical editor, at which he toils away while passion leaks out of his marriage to a nice Jewish girl. Then Lowell discovers a beautiful crumbling mansion in a crime-ridden section of Brooklyn, and against all advice, not to mention his wife's will, sinks his every penny into buying it. He quits his job, moves in, and spends day and night on demolition and construction. At last he has a mission: he will dig up the lost history of his house; he will restore it to its past grandeur. He will make good on everything that's gone wrong with his life, and he will even murder to do it. From the

An urgent picture of medical care in our cities, written by an emergency room physician (and co-author of the New York Times bestseller *The Pact*) who grew up in the very neighborhood he is now serving “A pull-no-punches look at health care from a seldom-heard sector . . . Living and Dying isn’t a sky-is-falling chronicle. It’s a real, gutsy view of a city hospital.”—*Essence* In this book, Dr. Sampson Davis looks at the healthcare

crisis in the inner city from a rare perspective: as a doctor who works on the front line of emergency medical care in the community where he grew up, and as a member of that community who has faced the same challenges as the people he treats every day. He also offers invaluable practical advice for those living in such communities, where conditions like asthma, heart disease, stroke, obesity, and AIDS are disproportionately endemic. Dr. Davis's sister, a drug addict, died of AIDS; his brother is now paralyzed and confined to a wheelchair as a result of a bar fight; and he himself did time in juvenile detention—a wake-up call that changed his life. He recounts recognizing a young man who is brought to the E.R. with critical gunshot wounds as someone who was arrested with him when he was a teenager during a robbery gone bad; describes a patient whose case of sickle-cell anemia rouses an ethical dilemma; and explains the difficulty he has convincing his landlord and friend, an older woman, to go to the hospital for much-needed treatment. With empathy and hard-earned wisdom, *Living and Dying in Brick City* is an important resource guide for anyone at risk, anyone close to those at risk, and anyone who cares about the fate of our cities.

Since her debut in 1989, A. M. Homes has been among the boldest and most original voices of her generation, acclaimed for the psychological accuracy and unnerving emotional intensity of her storytelling. Her ability to explore how extraordinary the ordinary can be is at the heart of her touching and funny new novel, her first in six years. This Book Will Save Your Life is a vivid, uplifting, and revealing story about compassion, transformation, and what can happen if you are willing to lose yourself and open up to the world around you.

Camas Davis was at an unhappy crossroads. A longtime magazine editor, she had left

New York City to pursue a simpler life in her home state of Oregon, with the man she wanted to marry, and taken an appealing job at a Portland magazine. But neither job nor man delivered on her dreams, and in the span of a year, Camas was unemployed, on her own, with nothing to fall back on. Disillusioned by the decade she had spent as a lifestyle journalist, advising other people how to live their best lives, she had little idea how best to live her own life. She did know one thing: She no longer wanted to write about the genuine article, she wanted to be it. So when a friend told her about Kate Hill, an American woman living in Gascony, France who ran a cooking school and took in strays in exchange for painting fences and making beds, it sounded like just what she needed. She discovered a forgotten credit card that had just enough credit on it to buy a plane ticket and took it as kismet. Upon her arrival, Kate introduced her to the Chapolard brothers, a family of Gascon pig farmers and butchers, who were willing to take Camas under their wing, inviting her to work alongside them in their slaughterhouse and cutting room. In the process, the Chapolards inducted her into their way of life, which prizes pleasure, compassion, community, and authenticity above all else, forcing Camas to question everything she'd believed about life, death, and dinner. So begins Camas Davis's funny, heartfelt, searching memoir of her unexpected journey from knowing magazine editor to humble butcher. It's a story that takes her from an eye-opening stint in rural France where deep artisanal craft and whole-animal gastronomy thrive despite the rise of mass-scale agribusiness, back to a Portland in the throes of a

food revolution, where Camas attempts--sometimes successfully, sometimes not--to translate much of this old-world craft and way of life into a new world setting. Along the way, Camas learns what it really means to pursue the real thing and dedicate your life to it.

Free yourself from self-limiting beliefs and fears that keep you stuck. This book lays out a blueprint for how to take control of your life and begin living your dreams. We all dream. We all imagine. And we all want to live our best life. But why is it that 90 percent of people admit that if they got to live their life over, they would live it differently? What keeps us comfortable with the status quo and unable to get beyond "What if"? In part 1 of this book, Dr. Shirley Davis addresses these and other questions by guiding the reader through a personal journey of self-discovery, a search for significance, and an examination of the self-imposed limitations that can hijack our purpose, power, and possibilities. In part 2, she details the readers' journeys toward realizing their dreams by reimagining their lives, identifying their "why," and developing a life plan to stay focused and accountable. She describes the right questions to ask, the right mindset to adopt, and the right relationships to build that will enable everyone to live the life he or she has always imagined. Dr. Davis reveals the necessary steps for releasing the limits we place on ourselves as a result of life's tests, wrong thinking, and bad decisions. She helps readers overcome paralyzing fears that keep dreams on pause and inspires the confidence to jump first and grow wings on the way down.

A collection of speeches and writings by political activist Angela Davis which address the political and social changes of the past decade as they are concerned with the struggle for racial, sexual, and economic equality.

For ten years Kathryn Sermak was at Bette Davis's side--first as an employee, and then as her closest friend--and in *Miss D and Me* she tells the story of the great star's harrowing but inspiring final years, a story fans have been waiting decades to hear. *Miss D and Me* is a story of two powerful women, one at the end of her life and the other at the beginning. As Bette Davis aged she was looking for an assistant, but she found something more than that in Kathryn: a loyal and loving buddy, a co-conspirator in her jokes and schemes, and a competent assistant whom she trained never to miss a detail. But Miss D had strict rules for Kathryn about everything from how to eat a salad to how to wear her hair...even the spelling of Kathryn's name was changed (adding the "y") per Miss D's request. Throughout their time together, the two grew incredibly close, and Kathryn had a front-row seat to the larger-than-life Davis's career renaissance in her later years, as well as to the humiliating public betrayal that nearly killed Miss D. The frame of this story is a four-day road trip Kathryn and Davis took from Biarritz to Paris, during which they disentangled their ferocious dependency. *Miss D and Me* is a window into the world of the unique and formidable Bette Davis, told by the person who perhaps knew her best of all.

"Amira, look at me," Muma insists. She collects both my hands in hers. "The Janjaweed attack without warning. If ever they come-- run." Finally, Amira is twelve. Old enough to wear a toob, old enough for new responsibilities. And maybe old enough to go to school in Nyala-- Amira's one true dream. But life in her peaceful Sudanese village is shattered when the Janjaweed arrive. The terrifying attackers ravage the town and unleash unspeakable horrors. After she loses nearly everything, Amira needs to dig deep within herself to find the strength to make the long journey-- on foot-- to safety at a refugee camp. Her days are tough at the camp, until the gift of a simple red pencil opens her mind-- and all kinds of possibilities. New York Times bestselling and Coretta Scott King

Award-winning author Andrea Davis Pinkney's powerful verse and Coretta Scott King Award-winning artist Shane W. Evans's breathtaking illustrations combine to tell an inspiring tale of one girl's triumph against all odds.

A NEW YORK TIMES BESTSELLER A remarkable story about the power of friendship. Chosen by *Essence* to be among the forty most influential African Americans, the three doctors grew up in the streets of Newark, facing city life's temptations, pitfalls, even jail. But one day these three young men made a pact. They promised each other they would all become doctors, and stick it out together through the long, difficult journey to attaining that dream. Sampson Davis, George Jenkins, and Rameck Hunt are not only friends to this day—they are all doctors. This is a story about joining forces and beating the odds. A story about changing your life, and the lives of those you love most... together.

Growing up, Jerry Thompson knew only that his grandfather was a gritty, “mixed-blood” Cherokee cowboy named Joe Lynch Davis. That was all anyone cared to say about the man. But after Thompson’s mother died, the award-winning historian discovered a shoebox full of letters that held the key to a long-lost family history of passion, violence, and despair. *Wrecked Lives and Lost Souls*, the result of Thompson’s sleuthing into his family’s past, uncovers the lawless life and times of a man at the center of systematic cattle rustling, feuding, gun

battles, a bloody range war, bank robberies, and train heists in early 1900s Indian Territory and Oklahoma. Through painstaking detective work into archival sources, newspaper accounts, and court proceedings, and via numerous interviews, Thompson pieces together not only the story of his grandfather—and a long-forgotten gang of outlaws to rival the infamous Younger brothers—but also the dark path of a Cherokee diaspora from Georgia to Indian Territory. Davis, born in 1891, grew up on a family ranch on the Canadian River, outside the small community of Porum in the Cherokee Nation. The range was being fenced, and for the Davis family and others, cattle rustling was part of a way of life—a habit that ultimately spilled over into violence and murder. The story “goes way back to the wild & woolly cattle days of the west,” an aunt wrote to Thompson’s mother, “when there was cattle rustling, bank robberies & feuding.” One of these feuds—that Joe Davis was “raised right into”—was the decade-long Porum Range War, which culminated in the murder of Davis’s uncle in 1907. In fleshing out the details of the range war and his grandfather’s life, Thompson brings to light the brutality and far-reaching consequences of an obscure chapter in the history of the American West.

From the late 1860s until her death in 1910, Rebecca Harding Davis was one of the best-known writers in America. She broke into print as a young woman in the

1860s with "Life in the Iron Mills," which established her as one of the pioneers of American realism. She developed a literary theory of the "commonplace" nearly two decades before William Dean Howells shaped his own version of the concept. Yet, in spite of her importance to the literary and popular culture of her time, she has been, for the most part, ignored by scholars. Rebecca Harding Davis and American Realism helps to change that.

Brierfield: Plantation Home of Jefferson Davis by Frank Edgar Everett, Jr. This is the story of a house, "Brierfield," and incidentally of a man, Jefferson Davis, and his family. The author traces the story of "Brierfield" from its construction in the antebellum period to its final disappearance in the twentieth century, a victim of war, floods, and fire. Most people associate Jefferson Davis with "Beauvoir," his home on the Mississippi Gulf Coast in the years after 1865, but "Brierfield" was his home during the most productive years of his life. We see Davis here as a young planter, a United States Representative and Senator, a Mexican War hero, United States Secretary of War, and President of the Confederate States of America. The tangled web of relationships involving Davis, his second wife, Varina Howell of Natchez, and his older brother and substitute father, Joseph Davis of nearby "Hurricane Plantation," unfolds against the physical setting of "Brierfield." Frank Edgar Everett, Jr. is the author of several books and articles on

Mississippi history during the antebellum period. A trial lawyer, he also served as assistant attorney general of Mississippi and as a trustee of the Mississippi Department of Archives and History.

Preeminent Civil War historian Frank Vandiver always longed to see an interpretive biography of Jefferson Davis. Finally, more than twenty years after Vandiver expressed that wish, publication of *Jefferson Davis, Unconquerable Heart* makes such an interpretive biography available. Felicity Allen begins this monumental work with Davis's political imprisonment at the end of the Civil War and masterfully flashes back to his earlier life, interweaving Davis's private life as a schoolboy, a Mississippi planter, a husband, a father, and a political leader. She follows him from West Point through army service on the frontier, his election to the U.S. House of Representatives, his regimental command in the Mexican War, his service as U.S. secretary of war and senator, and his term as president of the Confederate States of America. Although Davis's family is the nexus of this biography, friends and enemies also play major roles. Among his friends intimately met in this book are such stellar figures as Andrew Jackson, John C. Calhoun, Zachary Taylor, Franklin Pierce, Albert Sidney Johnston, and Robert E. Lee. With the use of contemporary accounts and Davis's own correspondence, *Jefferson Davis, Unconquerable Heart* casts new light upon this remarkable man,

thawing the icy image of Davis in many previous accounts. Felicity Allen shows a strong, yet gentle man; a stern soldier who loved horses, guns, poetry, and children; a master of the English language, with a dry wit; a man of powerful feelings who held them in such tight control that he was considered cold; and a home-loving Mississippian who was drawn into a vortex of national events and eventual catastrophe. At all times, "duty, honor, country" ruled his mind. Davis's Christian view of life runs like a thread throughout the book, binding together his devotion to God, his family, and the land. Jefferson Davis, Unconquerable Heart brings Davis to life in a way that has never been done before. The variety of his experience, the breadth of his learning, and the consistency of his beliefs make this historical figure eminently worth knowing.

Nicknamed Mr. Show Business, Sammy Davis Jr. was a consummate performer who sang, danced, and acted on film, television, radio, and the stage for over six decades. In this uniquely intimate volume, the entertainment legend's story comes to life through rare family photos and a compelling narrative based on conversations between Sammy Davis Jr. and his daughter, Tracey Davis. The story of a future superstar unfolds beginning with his bittersweet childhood days, raised primarily by his grandmother in Harlem. On the stage by age three, he first became a star in vaudeville with the Will Mastin Trio. Davis was already an up-

and-coming performer by the time he was recruited into the Army during World War II. As Tracey Davis candidly relates, it was there that her father first learned to use his talent—singing and dancing—as a weapon against racial bigotry. Davis's career took off in the 1940s through his sheer determination, talent, and the support of friends like Frank Sinatra. With tenderness and humor Tracey describes her father's friendship with Sinatra, and how he stood by him when Davis married Tracey's Swedish actress mother. In a time when interracial marriages were forbidden by law in thirty-one states, both bride and groom endured an onslaught of negative press and even death threats. Complete with rare personal and professional photos, Sammy Davis Jr. recounts Davis's adventures through the Rat Pack era, and the extraordinary obstacles he overcame to become a 5'6", 120-pound legend who across six decades packed in more than forty albums, seven Broadway shows, twenty-three films, and countless nightclub and concert performances. What emerges from the pages of this loving, but utterly frankly written book, is a uniquely personal perspective on one of the greatest pop culture icons of the twentieth century. Celebrate the joy, wonder, and innocence of being a child with this love letter to the loved ones in your life that encourages them to celebrate their own special qualities now and into the future. Inspired by the endearing qualities she sees in her own son,

Linsey Davis, ABC News correspondent and bestselling author of *The World Is Awake* and *One Big Heart*, has written another beautiful book that parents and grandparents can share with their little ones to let them know how special they are. With charming illustrations from bestselling artist Lucy Fleming paired with playful and heartwarming read-aloud rhymes, this book can help make a lasting impact on young minds as they discover their own unique qualities. *Stay This Way Forever: Is* a great read for ages 4-8 that celebrates diversity. *Is* perfect for fans of Hoda Kotb, Ainsley Earhardt, Kelly Clarkson, Nancy Tillman, and Jamie Lee Curtis. Three boys, who made a pact to stick together through the rough times in their impoverished Newark neighborhood, found the strength to work through their difficulties and complete high school, college, and medical school together.

This first in-depth publication of photographer Tim Davis's work dissects the disenchantment and dissociation that have come to dominate American civil life. It is Davis's treatise on the state of contemporary politics, politics as an aestheticized banality abstracted from real issues of power. He finds freedom of expression exhibited at its most casual and cursory, with political, commercial and populist signage jostling for space and attention in the social landscape: His documentation of that landscape, as Peter Eeley of Friezemagazine interprets it, asks, "What if campaign signs, badges, bumper stickers and flags aren't simply the ephemera of Americans' political lives, but their substance as well?" My Life in Politics represents photographic seeing at its finest and most subtle. Davis continues Stephen Shore's colorist tradition, meshing the careful management of a quotidian palette with an incisive eye for those points at which light bends and refracts, becoming something other than mere illumination.
