

Houghton Mifflin Harcourt Journeys Florida Common Core Benchmark And Unit Tests Consumable Grade 4

Winner of the Independent Publisher Book Awards Silver Medal for Best Regional Nonfiction in the Southwest The story of how Florida became entwined with Americans' 20th-century hopes, dreams, and expectations is also a tale of mass delusion, real estate collapses, and catastrophic hurricanes. The Fantasy of Florida hones in on the experiences of William Jennings Bryan and Edwin Menninger, the two men who shaped the image of Florida that we know today and who sold that image as America's paradise. The cast of characters also includes the Marx Brothers, Thomas Edison, Al Capone, and Mark Twain. A tale of a colorful and tragicomic era during which the allure and illusion of the American Dream was on full display—a Jazz Age period when Americans started chasing what F. Scott Fitzgerald called “the orgiastic future”—the book reveals how the recent economic collapse in Florida is eerily similar to events that happened there between 1925 and 1928. What sets the mid-1920s' Florida land boom apart from more recent booms-and-busts, however, is that this was the first modern boom, the first time that emerging new technologies, mass communications and modern advertising techniques were used to sell the nation on the notion that prosperity and happiness are simply there for the taking. Florida's image as a place where the rules of everyday life don't apply and winners go to play was formed during this dawn of the age of consumerism when Americans wanted to have fun and make lots of money, and millions of them thought Florida was the perfect place to do that.

Reading curriculum for Grades K-6.

Looks at the early life of Martin Luther King, Jr., as seen through the eyes of his older sister.

The inventions and inspiration of Benjamin Franklin and how they've stood the test of time What would you do if you lived in a community without a library, hospital, post office, or fire department? If you were Benjamin Franklin, you'd set up these organizations yourself. Franklin also designed the lightning rod, suggested the idea of daylight savings time, and invented bifocals—all inspired by his common sense and intelligence. In this informative book, Gene Barretta brings Benjamin Franklin's genius to life, deepening our appreciation for one of the most influential figures in American history. Now & Ben is a 2007 Bank Street - Best Children's Book of the Year.

A first collection of seven short fictional works follows a theme of personal crises interrupted by global issues and features such characters as a journalist who becomes a client of the diet company he investigates, a man who loses his wallet just before a nuclear battle between India and Pakistan, and a slacker who becomes a translator during a bitter family reunion. Original.

"Journeys is a research-based, comprehensive English Language Arts program developed by literacy experts and backed by proven results"--Program Consultants page, ii in Teacher's editions

The acclaimed children's book author and illustrator retells the beloved fable of a hen who takes her friends on a misguided adventure. Convinced the sky is falling, Henny Penny the hen gathers a band of gullible friends who decide they must march off and tell the king. But their misadventures take a frightening turn when they meet their end at the hands of a wily fox. With its tongue-twisting rhymes, rich illustrations, and surprise ending, this funny and sad read-aloud book will make a great addition to any child's library of classics. "A favorite nursery tale delightfully illustrated in strong line and color in Galdone's familiar and likable style."—Booklist
