Resin jewellery first started in the US around 6 years ago and has now become one of the fastest-growing trends in jewellery making. The technique is very simple - you simply mix the two-part resin together and pour into a bezel or pendant. Rings, pendants, brooches, cufflinks, hairpins and bracelets are all easy to make and look incredibly professional when done. In this inspiring book, well-known crafter Sara Naumann shows you just how easy and quick resin jewellery is to make, using minimal equipment and readily available products, and provides over 50 fabulous projects for you to try. You can add numerous items to the resin to achieve different effects. You can place paper in the bezels to act as a background to the resin - such as old book paper, map paper, scrapbook paper and photographs.

Paper can also be painted, stencilled, or layered with washi tape before being coated with resin. Try sheet music for a vintage vibe, or origami papers for a fresh, contemporary look. In addition, you can also immerse various items in the resin before it cures, such as dried flowers and leaves, feathers, shells, beads and charms, or try adding glitter, coloured inks, nail polish and virtually anything else you can think of. The versatility of resin jewellery is awe-inspiring, providing papercrafters as well as jewellery-makers with all the skills and inspiration they need to design and make their own stunning pieces.

HOW TO QUILL LIKE A PRO Paper quilling, also known as paper filigree, is the craft of rolling strips of paper and gluing them onto a surface to create an intricate three-dimensional piece of artwork. The quilled strips of paper can be glued on to a thick piece of cardstock or canvas. It can also be pasted onto three-dimensional objects like boxes or used to make jewelry. Paper quilling is becoming an extremely popular hobby among paper crafters, but it is not a new art form by any means. Only a few supplies are needed to get started with this hobby. You can purchase the paper strips pre-cut or even cut them yourself if you have a lot of the correct type of paper lying around (like me, who likes to hoard craft supplies!). It's super easy! You can use a quilling tool to help you coil the strips into shapes. These shapes are arranged to create beautiful pieces of art.
