In the history of Sanibel and Captiva, countless women bucked the system to make their marks. In the early 1950s and '60s, Sarita Van Vlick and Zee Butler led the fight to preserve the island from unbridled growth and destruction. Helene Gralnick, in the early '80s, opened a small shop that became the foundation for Chico's Inc. And it was city manager Judy Zimomra who put into practice policies that helped Sanibel flourish after the devastation of Hurricane Charley. Author and local historian Jeri Magg compiles the stories and celebrates the achievements of the remarkable women who forever shaped Sanibel and Captiva Islands.

Many beginning sailors soon yearn for a larger boat - with a galley, head and berths - so they can extend their time on the water and range of action. However, the simple mechanics of sailing do not include the variety of arts necessary to cruise successfully. *Cruising (with) Class* began as a series of lectures at the Sarasota (Florida) Sailing Squadron with the intention of teaching basic skills to beginning cruisers. Comfort on the water is not a matter of soft cushions. It comes from confidence in the ability to voyage safely. Reading the weather, planting the anchor, calculating the tides, navigating a coast, avoiding fatigue, choosing equipment, coping with storms, reacting to disasters, these are the arts of a cruiser. Although the book calls on the author's 25 years of cruising small sailboats, it is not a travelogue. Instead, it is a precise iteration of lessons learned the hard way, and presented in sailor-to-sailor fashion so others can avoid disaster and find comfort bred in confidence on the water.

A guide to major U.S. businesses, organizations, agencies, institutions, and other information resources on the World Wide Web.
