

The Secret Doctrine

The Secret Doctrine, Volume II. Anthropogenesis H. P. Blavatsky - The Secret Doctrine is the seminal work of the Theosophical Movement and established Blavatsky as one of the most vocal and outspoken advocate of the Wisdom Teachings of the East. Almost every contemporary spiritual movement can trace its lineage back to the impulses expressed most consummately in this, Blavatsky's Magnum Opus. Based upon a disclosure and exposition of the hitherto unknown - and academically, quite controversial - "Stanzas of Dzyan," The Secret Doctrine elaborates on the teachings first brought to the world through the "Masters" Koot Humi and Morya and introduced in A. P. Sinnett's "Esoteric Buddhism," to which Blavatsky continuously refers and clarifies. In the two volumes (the first being Cosmogogenesis) she portrays a sweeping vision of the evolution of humanity and the cosmos out of the spirit, unfolding in "rounds" and cycles of descent and reascent from and to the spirit, through cycles of reincarnation. This ebook edition has been meticulously prepared, with over 1000 footnotes linked from within the text. This complex and challenging work is presented in a highly readable format that invites a fresh approach to the text. Volume I, Cosmogogenesis

The origin and evolution of the universe explained, in terms derived from the Hindu concept of cyclical development. The world and everything in it is supposed to alternate between periods of activity (manvantaras) and periods of passivity (pralayas). Each manvantara lasts many millions of years and consists of a number of Yugas, in accordance with Hindu cosmology.

The Secret Doctrine is one of the most influential esoteric and occult books of all time. In the first part of the book the author explains the origin and evolution of the universe itself, in terms derived from the Hindu concept of cyclical development. While in the second part she describes the origins of humanity through an account of "Root Races" said to date back millions of years. A study of the Zohar & its connections. Some of the contents: Early Students of Kabalism; Hidden Church of Israel; Majesty of God in Kabalism; doctrine of Cosmology; Myth of Earthly Paradise; Serpent, Son of the Morning & Fall of the Angels; Fall.

The Secret Doctrine, Volume I. Cosmogogenesis H. P. Blavatsky - The authorthe writer, ratherfeels it necessary to apologize for the long delay which has occurred in the appearance of this work. It has been occasioned by ill-health and the magnitude of the undertaking. Even the two volumes now issued do not complete the scheme, nor do these treat exhaustively of the subjects dealt with in them. A large quantity of material has already been prepared, dealing with the history of Occultism as contained in the lives of the great Adepts of the Âryan Race, and showing the bearing of Occult Philosophy upon the conduct of life, as it is and as it ought to be. Should the present volumes meet with a favourable reception, no effort will be spared to carry out the scheme of the work in its entirety.This scheme, it must be added, was not in contemplation when the preparation of the work was first announced. As originally announced, it was intended that The Secret Doctrine should be an amended and enlarged version of Isis Unveiled. It was, however, soon found that the explanations which could be added to those already put before the world, in the last-named and other works dealing with Esoteric Science, were such as to require a different method of treatment; and consequently the present volumes do not contain, in all, twenty pages extracted from Isis Unveiled.

The Secret Teachings of All Ages is perhaps the most comprehensive and complete esoteric encyclopedia ever written. The sheer scope and ambition of this book are stunning. In this book Manly P. Hall has successfully distilled the essence of more arcane subjects than one would think possible. This book explores the themes underlying ancient mythology, philosophy, and religion. Unrivaled in its beauty and completeness, it distills ancient and modern teachings of nearly 600 experts.

Dialogues, based on the most difficult, abstruse material of the early pages of The secret doctrine: the nature of reality, the substance of the universe, the basis and nature of consciousness, mind and matter.

The first book in the monumental work of Theosophic thought. This book focuses on gaining occult power in the formation of the universe and the cosmos. This group sought to learn the secrets of nature, science and divinity in order to empower themselves to godhood and this book reveals their secrets as to how knowledge to do this can be attained. It does not reveal what the ultimate saving knowledge is that can do this but it gives guidelines on how to start the journey for yourself.

1933 with an introduction by Manly P. Hall. This is one of the most important textbook on the occult philosophies written in modern times. Every student of mysticism, philosophy and comparative religion should know it and study it. the Secret Doctrine.

Complete and unabridged, here is the unparalleled landmark of occult philosophy and lost history that reshaped the modern spiritual mindset and continues to fascinate readers today. There is perhaps no greater enigma in modern Western literature than The Secret Doctrine. The controversial Russian noblewoman Madame Helena Petrovna Blavatsky told the world that the book restored humanity's lost history and destiny. Its insights, she said, had been gleaned from long-secret books of wisdom and her tutelage under mahatmas, or great souls: adepts from the East who exposed the seeker to their esoteric teaching. To read The Secret Doctrine is to enter a mysterious world of ancient cosmology and spiritual-scientific insights, which tell of humanity's unthinkable ancient past and its burgeoning evolution into a new, more refined existence. For the first time, Blavatsky's encyclopedia arcana is available in a reset and redesigned single-volume edition, complete and unabridged. Its truths and challenges are available to the intrepid reader, who may find yet-unknown insights within its pages.

This is one of the numerous Yogi Publication Society (YPS) books which have been attributed to William Walker Atkinson under pseudonym. It bears strong similarities to The Kybalion, which is also known to have been authored by Atkinson. The material was later re-worked as one of the volumes in his series The Arcane Teachings. The term Rosicrucian (symbol: the Rose Cross) describes a secret society of mystics, allegedly formed in late mediaeval Germany, holding a doctrine "built on esoteric truths of the ancient past", which, "concealed from the average man, provide insight into nature, the physical universe and the spiritual realm." In later centuries many masonic and occult societies have claimed to derive their doctrines, in whole or in part, from the original Rosicrucians.

The first part of the book explained the origin and evolution of the universe itself, in terms derived from the Hindu concept of cyclical development. The world and everything in it is supposed to alternate between periods of activity (manvantaras) and periods of passivity (pralayas). Each manvantara lasts many millions of years and consists of a number of Yugas, in accordance with Hindu cosmology.

Blavatsky attempted to demonstrate that the discoveries of "materialist" science had been anticipated in the writings of ancient sages, and that materialism would be proven wrong.

The Secret Doctrine, the Synthesis of Science, Religion and Philosophy, a book originally published as two volumes in 1888 written by Helena Blavatsky. The first volume is named Cosmogogenesis, the second

Anthropogenesis. It was an influential example of the revival of interest in esoteric and occult ideas in the modern age, in particular because of its claim to reconcile ancient eastern wisdom with modern science. Blavatsky claimed that its contents had been revealed to her by 'mahatmas' who had retained knowledge of humanity's spiritual history, knowledge that it was now possible, in part, to reveal. Volume one (Cosmogogenesis) In Volume One, Blavatsky details her interpretation of the origin and evolution of the universe itself, in terms derived from the Hindu concept of cyclical development. The world and everything in it is said to alternate between periods of activity (manvantaras) and periods of passivity (pralayas). Each manvantara lasts many millions of years and consists of a number of Yugas, in accordance with Hindu cosmology. Blavatsky attempted to demonstrate that the discoveries of "materialist" science had been anticipated in the writings of ancient sages and that materialism would be proven wrong.

The Book of Dzyan is the first volume of Commentaries upon the seven secret folios of Kiu-te, and a Glossary of the public works of the same name. The thirty-five volumes of Kiu-te ought to be termed "the popularised version of the Secret Doctrine." They are full of myths, blunders, and errors. On the other hand, the fourteen volumes of Commentaries — with their translations, annotations, and glossaries of Occult terms, worked out from one small archaic folio, the "Book of the Secret Wisdom of the World" — contain a digest of all the Occult Sciences. It is from the texts of all these works that the Secret Doctrine has been given in 1888.

1910 the Secret Doctrine by Madame H. P. Blavatsky published in 1888, and other modern Theosophical works contain a very large amount of information concerning the nature of the phenomenal universe in which we live & the nature of Matter and Force. This.

The aim of this work may be thus stated: to show that Nature is not "a fortuitous concurrence of atoms," and to assign to man his rightful place in the scheme of the Universe; to rescue from degradation the archaic truths which are the basis of all religions; and to uncover, to some extent, the fundamental unity from which they all spring; finally, to show that the occult side of Nature has never been approached by the Science of modern civilization. But it is perhaps desirable to state unequivocally that the teachings, however fragmentary and incomplete, contained in these volumes, belong neither to the Hindu, the Zoroastrian, the Chaldean, nor the Egyptian religion, neither to Buddhism, Islam, Judaism nor Christianity exclusively. The Secret Doctrine is the essence of all these. Sprung from it in their origins, the various religious schemes are now made to merge back into their original element, out of which every mystery and dogma has grown, developed, and become materialised. It is needless to explain that this book is not the Secret Doctrine in its entirety, but a select number of fragments of its fundamental tenets, special attention being paid to some facts which have been seized upon by various writers, and distorted out of all resemblance to the truth.

This is a new release of the original 1927 edition.

A three-volume 'synthesis of science, religion, and philosophy' by one of the nineteenth century's most controversial spiritualists.

The Secret Doctrine of the Kabbalah resurrects this ancient body of knowledge to reveal eternal truths that profoundly impact contemporary spirituality. Experimental methods of practicing Hebraic sacred science are explored that explain, as never before, the meaning of the cosmological diagram of the entire Western esoteric tradition--the kabbalistic Tree of Life.

In two parts Cosmogogenesis and Anthropogenesis. after 15 years intensive study of the voluminous wealth of material in the original work, has presented a scholarly work which is both affordable and understandable for the average reader. She has eliminated.

Reproduction of the original: The Secret Doctrine by Helena Petrovna Blavatsky

The creation of the universe and the nature of humanity as taught by the Ancient Wisdom. An abridgement of the original 1500 page work, The Secret Doctrine. Helena Petrovna Blavatsky (1831-1891) was born of a noble family in Russia. She became a student of metaphysical lore, and traveled to many lands, including Tibet, in search of hidden knowledge. In the 1870s she went to New York and, with Col. Henry S. Olcott and others, formed the Theosophical Society.

The student of the history of occultism and the esoteric teachings, and even the average reader of current books and magazines, finds many references to "The Rosicrucians," a supposed ancient secret society devoted to the study of occult doctrines and the manifestation of occult powers. But when such person seeks to obtain detailed information concerning this supposed ancient "order" he finds himself baffled and defeated. Before acknowledging the futility of the quest, however, he usually investigates one or more so-called "orders" having as a part of their title the word "Rosicrucian," only to find himself invited to join such "order" upon the payment of a fee or fees ranging from a small amount in some cases to quite large amounts in others, each "order" claiming to be the "only original order," and asserting that all the others are base imitators. This book will give you all the insights on this secret order.

Continuously in print for over 100 years, the SD remains today the most comprehensive sourcebook of the esoteric tradition, outlining the fundamental tenets of the Secret Doctrine of the Archaic Ages. Challenging, prophetic, and strikingly modern, it directly addresses the perennial questions: continuity of life after death, purpose of existence, good and evil, consciousness and substance, sexuality, karma, evolution, and human and planetary transformation. Based on the ancient Stanzas of Dzyan with corroborating testimony from over 1,200 sources, these volumes unfold the drama of cosmic and human evolution -- from the reawakening of the gods after a Night of the Universe to the ultimate reunion of cosmos with its divine source. Supplementary sections discuss relevant scientific issues as well as the mystery language of myths, symbols, and allegories, helping the reader decipher the often abstruse imagery of the world's sacred literature.

"The Secret Doctrine," Helena Petrovna Blavatsky's masterwork on the origin and evolution of the universe and humanity itself, is one of the most influential occult books ever written. This single-volume edition places the ideas of the work within reach of all who are curious.
